

I hope you all have been able to spend some time every week keeping up with your practicing and learning on your instruments! I miss you all and wish I could be helping you learn in person. Especially since I feel like we had turned a corner and were really getting better and better as a group! I don't want you to lose that! I also hope you all were able to complete the task of performing for your families. I just know you did a great job! Moving forward I want you to try your best to do the following things:

- ✓ play your instrument with a good embouchure and posture at least 2 times a week for 15 minutes a time*
- ✓ try to learn a new piece of music in your Essential Elements Book every week as best you can*
 - Did you know that you have an online code in your books? You can access and listen to pieces from your EE Book to help you learn and play!*
- ✓ keep practicing "Pendragon's Castle" concentrating on rhythm as well as the notes*

I am always available by email at any time you need help or have a question. I think about you all often and hope that playing your instrument is something that you can find joy in while safe at home.

– Mrs. Fenske
